

# JOURNAL OF NIPPON MEDICAL SCHOOL

Vol. 92 (No. 1—6)

(2025)

## CONTENTS

### Photogravure

Wear It Exactly as You See It: Promoting Proper PPE Donning through Visual Layout Optimization·····Jun Hirai···310

### Reviews

- The Oikawa-Nagao Mouse: A Polygenic Animal Model for Unraveling the  
Pathophysiology of Type 2 Diabetes and Obesity·····Mototsugu Nagao, Shinichi Oikawa··· 2
- Informed Consent for Breast Cancer:  
The Perspective of Physicians in Japan·····Erika Suzuki, Hiroyuki Takei··· 10
- Perioperative Anesthesia Management: The Role of MicroRNAs·····Masashi Ishikawa··· 14
- Multiple Functions of Cell Adhesion Molecule 1 (CADM1) and Its Role in the Pathogenesis of Cancer  
and Other Diseases·····Yoshinori Murakami, Yutaka Kasai, Tomoko Masuda, Hiromi Ichihara, Takeshi Ito···122
- Tarsal Tunnel Syndrome: A Clinical Review·····Hiroto Yoshida, Kyongsong Kim, Takato Tajiri,  
Fumiaki Fujihara, Juntaro Matsumoto, Hiroshi Abe, Toyohiko Isu···132
- Saisei-Gakusha and Hideyo Noguchi's Temporary Return to Japan·····Toshiro Shimura,  
Akihiko Gemma, Takeyuki Tokura···138
- Impact of Sex Differences in Oligodendrocytes and Their Progenitor Cells  
on the Pathophysiology of Neuropsychiatric Disorders·····Daisuke Kato···226
- Role of Patient-Derived Tumor Organoids in Advanced Cancer Research·····Taku Sato···234
- Hyperbaric Oxygen Therapy in Japan, Now and in the Future·····Gen Takagi···242

### Originals

- Cases of Retroverted Uterus Involving Placenta Previa and Low-Lying Placenta Previa Are Significantly Associated  
with Endometriosis·····Eika Harigane, Takashi Matsushima, Asako Watanabe,  
Hiroki Shinmura, Ryuhei Kurashina, Daisuke Shigemi, Shunji Suzuki··· 22
- Interest in Osteoporosis among Nurses and Physicians before Introduction of a Fracture Liaison Service:  
A Questionnaire-Based Study·····Yasuyuki Kitagawa, Kazuma Miura, Yuki Katano,  
Daiki Saito, Daisuke Fukuhara, Naoto Kotani, Shoko Sasaki,  
Naoya Takabayashi, Yosuke Shinozuka, Tokifumi Majima··· 29
- New Image Processing Method for Plain Radiography Improves Detection  
of Bone Metastases·····Yasuyuki Kitagawa, Yushi Yamaguchi, Keisuke Atsumi,  
Yuki Katano, Kazuma Miura, Daiki Saito, Eishi Nakamura,  
Yuta Mohri, Naohiko Tomita, Tokifumi Majima··· 37
- Impact of IMP3 Expression on Chemotherapy Response and Prognosis in Triple-Negative Breast Cancer:  
A Retrospective Cohort Study·····Mio Yagi, Koji Nagata, Megumi Sano,  
Keiko Yanagihara, Ryuji Ohashi, Hiroyuki Takei··· 44
- Excimer Laser Penetrates Deeper into Hair Follicles  
and Activates More Melanocyte Lineage Cells than Excimer Light·····Yoshiaki Ibuchi, Saeko Ozaki,  
Yuki Inoue, Hidehisa Saeki, Yoko Funasaka··· 52
- Effects of Drug Therapy on T Lymphocyte Subsets and the Associations of These Subsets  
with Recurrent Chronic Bronchitis Attacks·····Jing Zhang, Shan Wang, Yun Shi, Chunting Tan··· 61
- Virtual Monochromatic Imaging of Half-Iodine-Load, Contrast-Enhanced Computed Tomography  
with Deep Learning Image Reconstruction in Patients with Renal Insufficiency:  
A Clinical Pilot Study·····Shingo Harashima, Rika Fukui, Wakana Samejima,  
Yuta Hirose, Toshiya Kariyasu, Makiko Nishikawa,  
Hidenori Yamaguchi, Haruhiko Machida··· 69

|                                                                                                                                                                                             |                                                                                                                                                                                                                                        |     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Pain in Soft Tissue Tumors: A Comprehensive Retrospective Study·····                                                                                                                        | Yasuyuki Kitagawa, Kazuma Miura,<br>Daisuke Fukuhara, Naoto Kotani, Shoko Sasaki, Yosuke Shinozuka, Tokifumi Majima···                                                                                                                 | 80  |
| Effects of Biologics on Fibrosis-4 Index in Patients with Psoriasis·····                                                                                                                    | Takashi Morita, Susumu Ichiyama,<br>Michiko Ito, Saeko Ozaki, Taeang Arai, Masanori Atsukawa,<br>Katsuhiko Iwakiri, Teppei Hagino, Toshihiko Hoashi, Naoko Kanda, Hidehisa Saeki···                                                    | 88  |
| Effect of Perfusion CT on Time Required to Evaluate Indications<br>for Thrombectomy for Acute Cerebral Infarction·····                                                                      | Riku Mihara, Minoru Ideguchi, Kyongsong Kim,<br>Kenta Koketsu, Yasuo Murai···                                                                                                                                                          | 97  |
| Mitral Regurgitation Associated with Mitral Annulus Remodeling<br>and Left Atrial Dilatation·····                                                                                           | Yuki Izumi, Yukichi Tokita, Hiroshi Honma,<br>Kanako Ito-Hagiwara, Yu-ki Iwasaki, Kuniya Asai···                                                                                                                                       | 145 |
| Constipation in Patients with Acute Ischemic Stroke:<br>A Single-Center Retrospective Analysis·····                                                                                         | Akihito Kutsuna, Yasuhiro Nishiyama, Yuki Sakamoto,<br>Fumiaki Suzuki, Toshiyuki Hayashi, Yosuke Fujisawa,<br>Kentaro Suzuki, Junya Aoki, Kazumi Kimura···                                                                             | 154 |
| On-Scene Time and Outcomes in Patients with Out-of-Hospital Cardiac Arrest<br>and Return of Spontaneous Circulation at the Scene:<br>A Post-Hoc Analysis of a Multicenter Cohort Study····· | Hiroto Numata, Takashi Tagami, Kensuke Suzuki,<br>Ryusei Tabata, Megumi Kohri, Tomohito Amano, Suzuka Hagiwara,<br>Shinnosuke Kitano, Nobuya Kitamura, Yosuke Homma, Satoo Ogawa···                                                    | 163 |
| Sentinel Lymph Node Detection, Location, and Number on SPECT/CT Can Help Predict Pathological<br>Axillary Lymph Node Metastasis in Women with Breast Cancer·····                            | Meishi Hankyo, Ryusuke Murakami,<br>Hiroyuki Takei, Keiko Yanagihara, Tomoko Kurita,<br>Takashi Sakatani, Ryuji Ohashi, Shinichiro Kumita···                                                                                           | 170 |
| Incidence Rate and Risk Factors for In-Hospital Ischemic<br>Stroke among 83,990 Hospitalized Patients·····                                                                                  | Seira Sakurai, Kentaro Suzuki, Takuya Nishino,<br>Daisuke Hayashi, Tomonari Saito, Yuki Sakamoto,<br>Junya Aoki, Yasuhiro Nishiyama, Kazumi Kimura···                                                                                  | 181 |
| Phase II Study of Short Hydration without Diuretics<br>for Cisplatin-Based Chemotherapy·····                                                                                                | Tetsuya Wako, Ryosuke Arakawa, Shinji Nakamichi,<br>Masaru Matsumoto, Rei Yamaguchi, Kaoruko Shimbu,<br>Tomoyasu Inoue, Takehiro Tozuka, Junichi Aoyama, Yasuhiro Kato,<br>Naomi Onda, Akihiko Miyana, Masahiro Seike, Kaoru Kubota··· | 188 |
| Investigation of the Optimal Interval of Perioperative Serum Flomoxef Administration<br>in Hepatobiliary-Pancreatic Surgery·····                                                            | Yoko Takayama, Toshiaki Komatsu, Satomi Tsumuraya,<br>Hidefumi Kubo, Nobuyuki Nishizawa, Hiroshi Tajima, Takashi Kaizu,<br>Katsuya Otori, Hirotsugu Okamoto, Yusuke Kumamoto, Hideaki Hanaki···                                        | 196 |
| Real-World Experience with Triplet Therapy for High-Volume Metastatic Castration-Sensitive Prostate Cancer:<br>A Retrospective Cohort Study from a Japanese Academic Hospital·····          | Jun Akatsuka, Go Kimura,<br>Mami Takadate, Hiroya Hasegawa, Hikaru Mikami, Kotaro Obayashi, Hayato Takeda,<br>Yuki Endo, Shogo Imai, Yuka Toyama, Yoichiro Yamamoto, Yukihiro Kondo···                                                 | 204 |
| Food Preference in Parkinson's Disease·····                                                                                                                                                 | Michika Sakamoto, Kentaro Suzuki,<br>Hiroshi Nagayama, Kazumi Kimura···                                                                                                                                                                | 248 |
| Role of Extracellular Signal-Regulated Kinase 2 in the Etiology of Tinnitus Caused<br>by Moderate Noise Overexposure in Mice·····                                                           | Hirotsugu Suzuki, Takeshi Matsunobu, Takaomi Kurioka,<br>Masato Fujioka, Shogo Endo, Yasushi Satoh, Kimihiro Okubo···                                                                                                                  | 253 |
| Neonatal Intensive Care for Preterm Very Low-Birth-Weight Infants<br>at a Medical School-Affiliated Neonatal Intensive Care Unit·····                                                       | Yoshio Shima, Keishi Yoshida, Tamaho Suzuki,<br>Makiko Mine, Masanori Abe, Takashi Matsushima, Makoto Migita···                                                                                                                        | 262 |
| Influence of Seasonal Changes on Emergency Transports for Vertigo/Dizziness:<br>A Study Based on Emergency Triage and Weather Factors·····                                                  | Makoto Suzuki, Masato Miyauchi, Naoto Matsuda,<br>Asaka Onodera, Naoko Onodera, Masatoku Arai, Hideya Hyodo,<br>Toshihiko Ohara, Masahiro Yasutake, Shoji Yokobori, Gen Takagi···                                                      | 268 |
| Image Quality and Vessel Rendering Ability of Dynamic Range Compression-Processed Images<br>of Peripheral Vessels in Digital Subtraction Angiography·····                                   | Yuzo Yamamoto, Hidenori Yamaguchi,<br>Hiroki Sato, Toshiya Kariyasu, Shingo Harashima, Toshiyuki Yuhara,<br>Shinji Ota, Makiko Nishikawa, Koji Tanigaki, Haruhiko Machida···                                                           | 279 |

|                                                                                                                                                                                          |                                                                                                                                                                                                                                                                                                             |     |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Comparison of Effects of Remimazolam and Midazolam plus Sevoflurane on Intraoperative Hemodynamics and Opioid Administration: A Retrospective Cohort Study·····                          | Yukiko Tashiro, Daisuke Hayashi,<br>Dai Namizato, Yuya Ise, Masashi Ishikawa···                                                                                                                                                                                                                             | 313 |
| Prognostic Implications of Postoperative Serum CYFRA Levels in Upper Tract Urothelial Carcinoma·····                                                                                     | Yuki Endo, Jun Akatsuka, Hayato Takeda, Masato Yanagi,<br>Yuka Toyama, Kotaro Obayashi, Hikaru Mikami, Shunsuke Ikuma, Hiroya Hasegawa,<br>Mami Takadate, Honami Inoue, Tsutomu Hamasaki, Go Kimura, Yukihiro Kondo···                                                                                      | 321 |
| Association of Programmed Death-Ligand 1 Expression in Relation to Tumor-Infiltrating Lymphocyte Concentration and Histological Type with Outcomes of Triple-Negative Breast Cancer····· | Hiroko Yukawa, Akira Hirano, Yuko Ishibashi,<br>Saki Fujita, Asaka Koderu, Yumi Anzai, Masafumi Kurosumi···                                                                                                                                                                                                 | 331 |
| Nationwide Survey of Pharmacist Involvement in Managing Cancer Pain in Children·····                                                                                                     | Kayoko Morio, Chikako Iwai, Shuntaro Yasuda, Takehiro Kawashiri,<br>Noriaki Hidaka, Aina Suzuki, Mayako Uchida, Hisamitsu Takase···                                                                                                                                                                         | 337 |
| Incidence and Risk Factors for Subsequent Adverse Events among Outpatients after an In-Hospital Fall·····                                                                                | Eitaro Kodani, Yukiko Takeda, Misako Iida,<br>Yukiko Takagi, Tami Okumura, Eriko Miyao, Masami Aveda···                                                                                                                                                                                                     | 349 |
| Incidence and Clinical Significance of Ischemic Stroke Following Cardiac Catheterization·····                                                                                            | Hiroki Goda, Yukichi Tokita, Keisuke Inui, Shunichi Nakamura,<br>Yoshiaki Kubota, Koji Murai, Koji Kato, Yasuhiro Nishiyama,<br>Seiji Okubo, Hitoshi Takano, Kazumi Kimura, Kuniya Asai···                                                                                                                  | 360 |
| Factors Contributing to Genetic Counselors' Success as Facilitators in Role-Playing Workshops·····                                                                                       | Maho Kuroda, Takeshi Yamada, Motoko Sasaki,<br>Haruka Murakami, Hidehiko Miyake···                                                                                                                                                                                                                          | 384 |
| Effects of a Physician-Staffed Helicopter Emergency Medical Service on Cerebral Infarction Outcomes: A Registry-Based Observational Study·····                                           | Kazuki Mashiko, Kazuhiro Okada, Yoshiaki Hara,<br>Hayato Takayama, Yoshihide Nakagawa, Makoto Kobayashi, Asuka Tsuchiya, Tatsuya Hayakawa,<br>Tatsuya Noda, Kayo Ito, Hiroshi Endo, Takayuki Suda, Youichi Yanagawa, Seiya Kato,<br>Yuji Yamamori, Katsuhiro Kanemaru, Terutake Yonemori, Shoji Yokobori··· | 391 |

## Case Reports

|                                                                                                                                                                                |                                                                                                                                                                                                                           |     |
